This could be you!

Summer 2015 Internships in the River Connections Program

Opportunities to work with the National Park Service along the St. Croix and Namekagon rivers in Minnesota/Wisconsin are available this summer.

**Park Guide Interns**
Help people get the most out of their Riverway visit. Staff visitor centers, present programs, and assist with trip planning.

**Land Program Assistants**
Assist with land protection along the Riverway through on-site monitoring and GIS analysis of scenic easements.

**Resource Management Interns**
Assist with protecting natural resources, including invasive plant control, habitat restoration, and monitoring native species.

Positions are available in St. Croix Falls and Trego, Wisconsin, from mid-May to mid-August. Comfortable lodging and expense allowance provided, and up to $1200 paid for 3 college credits. For a full description of internships and information about how to apply, go to:

[www.stcroixriverassociation.org](http://www.stcroixriverassociation.org)

**Deadline to apply:** Friday, February 20. Applications will be reviewed & considered as they are received, so apply soon.

The River Connections Program is a partnership of the National Park Service and the St. Croix River Association.
